EMERGING REAL ESTATE MARKET INTELLIGENCE

Welcome to the fifth in a series of special reports produced exclusively by Cityscape Intelligence, which provide an in depth look at the current state of business to business real estate in the emerging markets. Focus On Dubai breaks down key trends and statistics on Foreign Direct Investment (FDI) from the Financial Times and Proleads provides an in depth analysis of the value and status of projects currently being undertaken in the UAE.

The report also examines infrastructure development, changes in the regulatory environment in the UAE as well as the outlook for the Dubai banking sector and what needs to be done in order to stimulate a recovery. Key, accurate intelligence is more important than ever during these times of global financial uncertainty and our report aims to provide you with insight, intelligence and food for thought. We trust that you find it informative and enlightening and we look forward to hearing your comments.
